ARE YOU OUR NEXT  
**REMARKABLE TEAM MEMBER?**

EVERY SPACE  
A SAFER PLACE

**JOB DESCRIPTION:**      **CNC Machinist / Programmer / Millwright**  
**Business:**                **Home Medical Assistive Products Manufacturer**

Are you a seasoned CNC Machinist that can truly shine in many Machine Shop lanes but stuck in a narrow one? HealthCraft Group is looking for a **CNC Machinist / Programmer / Millwright** to join our growing team.

### **WHO WE ARE:**

HealthCraft Group is a leading Canadian based designer and manufacturer of fall prevention safety solutions for loved ones at risk of a fall in their living space. You will find our products worldwide in over 25 countries helping millions of loved ones daily to protect and extend their potential. Put simply, we are on a mission to make every space a safer place.

### **WHERE WE ARE HEADING:**

HealthCraft is in growth mode and building for the future, which is where you come in. We are searching for a **CNC Machinist / Programmer / Millwright** with wide experience who can bring this mission critical position to the next level and beyond. Buckle up, the position is fast paced and demanding with expectations that you fit and thrive within our unique HealthCraft culture. Come to work every day knowing that what you do matters. HealthCraft changes lives, let it change yours. If you think you fit and have grit, continue reading.

### **YOU ARE SPECIAL BECAUSE YOU ARE:**

- Mechanically and technically inclined - deep within your DNA
- That person that has always had a love for working with your hands, tinkering, figuring things out, taking things apart and putting them back together, you have that “horse sense”, you just know what to do and how to do it
- Able to strive in a high volume production manufacturing environment
- Eager to learn and grow
- A “roll up your sleeves”, hands on person
- Proud to make fixtures, jigs and programs. Can work on lathes and mills, manage machine maintenance and all with the focused outcome to deliver high quality, precision parts
- Experience collaborating with Engineers and Designers and able to figure out needed details to create a prototype from a drawing

- A positive self-starter with a “get it done right” attitude
- Highly organized, detailed and disciplined
- A demonstrated team player who wants to come to work each day to contribute and know what you do matters
- Perhaps currently held back in the realization of your career potential
